Description

Delicate and soft, this wool is not only warm and beautiful, but also ethical since no animal is abused during its production. This material is used to create unique accessories. Through water and color the fabric is first dyed, then laid out to air dry and then dyed up to seven or eight times. The thread used for these pieces is made of peace silk, which takes the color of the rest of the foulard, scarf, shawl during the dying process. With this item you will recive a hand-crafted bag with the brand's logo, a leaflet that talks about the work and philosophy of Bettina Buttgen and another leaflet that shows you you the many ways in which this item can be worn.
